

## **C•CURE Go Reader Privacy Notice/Policy**

This Privacy Notice and [Johnson Controls Privacy Notice](#) applies to your use of the C•CURE Go Reader App (“the App”).

**By downloading and installing the App onto your device and clicking on the ["Accept"] button you are consenting to the processing of your personal information as explained in this Privacy Notice/Policy.**

### **1. Personal information the App may collect from you**

The App may collect and process the following information about you:

- **Information you submit or provide:** The App may collect information that you submit or provide when (a) registering to use the App, (b) using the App’s features and functionality or (c) you report a problem with the App. This information may include:
  - First and last name
  - Photograph
  - Occupation/Title
  - GPS location (optional)
  - Credential expiration date
- **Device information:** The App may collect information about the device you use to download the App, including, the device's unique device identifiers, operating system, mobile network information.
- **Log Information:** When you use the App, the App may also automatically collect and store certain information to provide diagnostic data that can assist in troubleshooting problems with the app. This includes information about what parts of the App you use as well as date or time stamps. This information is stored locally on the device.
- **Location information:** The App may use GPS and other similar technologies to collect the location of your device, where this is directly relevant to the features provided by the App. If you use any location-enabled functionality you will be asked if you agree to the collection of location data. You have the choice to allow location data to be collected only once (during your use of the App at that time), only during the times when you are using the App, or at all times. If you agree to allow location data to be collected at all times, your location data will be collected in the background even when the App is in standby. This functionality can be turned off on the device via the settings.

## **2. Purposes of processing your personal information**

The App processes your personal information for the following purposes:

- In order to operate, maintain and provide you with the features and functionalities of the App (including any additional functionalities you may have requested).
- Security and fraud prevention. The App may use your personal information to ensure the security of your use of the App, your user account (if applicable), as well as for the purpose of maintaining the security of the occupants within your facility.
- For system administration purposes.

## **3. Sharing personal information with third parties**

Personal information collected via the App will be shared with your employer.

## **4. How long will the App store your personal information?**

The personal information that you provide is retained in accordance with the retention policies of your employer.

## **5. Your Rights and access to information**

Regarding your rights, including details on how consent can be withdrawn and access to information, please contact your employer.
